

Registered Polled Holsteins

since 1948

Dan, Doug, Jon, Darin, Judy, Jean

- P**rogressive
- O**nly humane dehorning method
- L**ess loss and labor
- L**ogical solution to an undesirable trait
- E**asier calving from round heads
- D**ominant gene enables quick progress

"We don't cut,
saw or burn them off,
we breed them off."

"They have everything
but the horns"

Customer Satisfaction is our goal

We have supplied dairymen with breeding stock to enable them to have complete polled herds ... many whom have had 10-20 of our bulls consecutively.
